ABILITIES

STARTING ABILITY

EYE OF THE SNIPER: You can spend 1 stamina to keep an eye on a single target. You track its movements and maintain a sense of where it is likely to be. When making an ACTION ROLL with a ranged weapon against that target, take +1 to the roll result. You may switch targets at any time by spending another Stamina.

EXPERTISE

- **EXPERTISE:** Choose a special ability from another source. How did you learn it? _____

SPECIAL ABILITIES

- **LONG-DISTANCE EXPERT:** You can PUSH YOURSELF to make a precise shot at up to twice your weapon's average range. [NE]
- **READY FOR THE DUEL:** Your duel training lets you draw and ready your weapon faster than anyone else.
- **INCREASED CONCENTRATION:** You can keep an eye on another target using EYE OF THE SNIPER. [NE]
- **SAFE SHOT:** You can use your special armor to treat the outcome of an ACTION ROLL with a ranged weapon as a partial success.
- **SUPPRESSING FIRE:** You can PUSH YOURSELF to unleash a rapid volley of shots, keeping a target under pressure. [NE]
- **BLAST SHOT:** When you use a long-range weapon to WRECK something, take +1d.
- **I KNOW A GUY:** You know many people, and many know you in return. When you enter a public place, such as a tavern or a square, you can make a FORTUNE ROLL to see if someone familiar is nearby. On a 1–2, no one appears. On a 3–4, you notice someone who isn't exactly friendly. On a 5–6, you spot someone who has been an ally or friend in the past.
- **LOOKING FOR A PARTNER:** When you attempt to HIRE SOMEONE, take +1d.
- **ALLY AT A DISTANCE:** When you SETUP AN ACTION for your party from the distance, take +1d.
- **IT SEEMS A JOB FOR ME!:** Fear does not take hold of you. Where others step back, you step forward. When you roll a desperate action, take +1d.
